Research in Reproductive and Child Health
Jehangir Merwanji Street, Parel, Mumbai 400012

Sub: Recommendation Letter for Summer Training Programme - 2026

Respected Madam,

I recommend **Mr. Purab Raut Chettri**, a bona fide student of the **I M.Sc. Biotechnology** course at **Bishop Heber College, Tiruchirappalli**, for consideration as a Student Trainee/Intern under the **Summer Training Programme – 2026** at **ICMR-NIRRH**. This is to certify that the training/internship is part of his present course curriculum. He will be available during the period beginning from **20th April** to **13th July 2026 (12 weeks)**, with slight flexibility.

As his mentor, I have observed that he bears good moral character and consistent professional conduct. He also demonstrates diligence and intellectual curiosity.

I am confident that he will make the most of the learning experiences offered, and his participation will be transformative, providing him with valuable exposure and practical training in the field of Biological Sciences, while providing clear direction for his prospective Master's Project. His enthusiasm for research and capacity for learning make him ideally suited for the program. I have no doubt that he will contribute meaningfully and benefit greatly from this.

Please feel free to contact me for any further information or clarification.

Sincerely

Jas - 18/2/26

(Dr.R.Jasmine Jemimah Jeyanthi)
